**WRONG WAY**—Psychologists say never to teach anything by showing the wrong way. This time the Safety Department shows it doesn't agree in every case. Harold Wilson, Proximity Plant roving hauler, poses for Textorian photographer, Bob Weaver, so he can get a good picture of the wrong way.

## Ability To Handle Boxes Important To Safety

Harold Wilson, roving hauler in the Proximity Spinning Room, knows that he should not handle boxes as shown in the above picture.

If Harold were to push one box and pull another, as he seems about to do in this picture, he would have very poor control of both. If the front box should bump a post, or some object on the floor, the second box could easily ram the first, catching his thumb between the boxes. Many a Cone employee has broken or bruised a thumb this way.

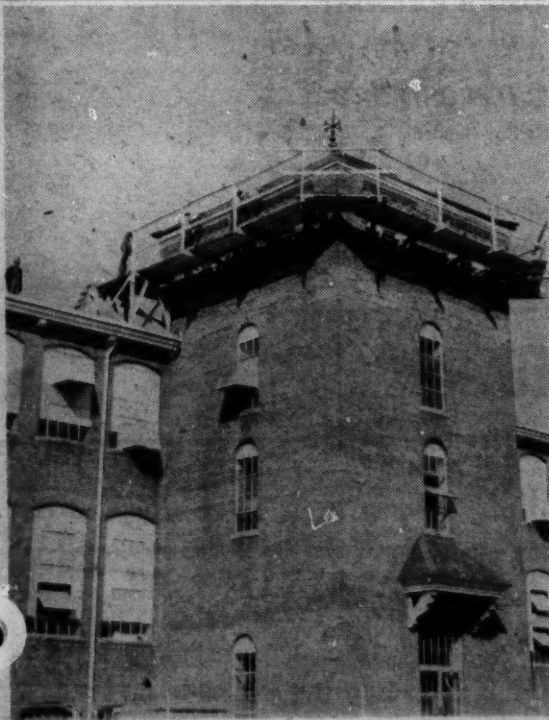

If Harold were between the boxes as he is here, the rear box could catch his heel, causing a nasty bruise. This is another injury that has caused pain and inconvenience to too many Cone workers.

About those thumbs, and the other fingers too, keep them inside the box, using two hands to push a box. That is the only safe way to do the job. One of our fellow employees forgot that bit of advice and lost a finger. What was he doing? Just what you guessed. He was pushing one box, pulling another, and he had some fingers on the OUTSIDE of the box.

Protect your hands and your future. Handle one box at a time and keep your thumbs and fingers on the inside.

### M. L. Bass To Speak To Prox. P.T.A. On Safety

M. L. Bass, of the Safety Division of the Greensboro Police Department, will speak to the Proximity Parent-Teachers Association next Tuesday evening at the school. Mr. Bass' topic will be on safety and he will show films. Patricia Pegram will furnish music for the meeting.

**LANDMARK FACE LIFTING**—This tower at Proximity, which is one of the oldest landmarks around Cone Mills, recently received repairs. The tearing down of the local television transmission tower brought on so much newspaper comment that Harold Carpenter suggested that The Textorian record the above event.

## Maxine Allen Is State Doubles Champ

Miss Maxine Allen, women's physical education director at Cone Memorial YMCA, and Joe Wilhem won the State Mixed Doubles Championship in bowling last week end in Raleigh. The two Greensboro champs scored 1188. They were defending their title won last year in Kannapolis.

Miss Allen and Lib Bradshaw of Charlotte won second place in the Women's Doubles in bowling with a score of 1093.

## American Legion Festival Draws Crowd

Spooks and goblins came on foot, bicycles and in cars, but not a single one came by broomstick to the Cone Post, American Legion Halloween Festival last week.

Due to the goodness of the hot dogs and the coolness of the weather the concession stand sold out in a short while.

The festival's fish pond and ball games were really popular. Many screams and groans were heard as many brave souls took a trip through the spook house.

The Legionnaires seemed to enjoy the event as much as the children who came.

## Slimnastics Class To Meet On Tuesdays

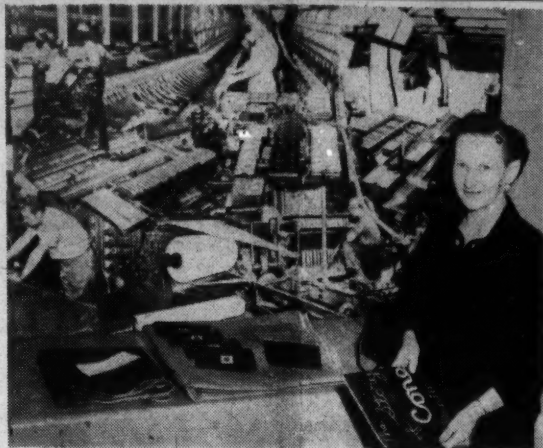

All women interested in joining a "slimnastics" class are cordially invited to attend on Tuesday evening at the Proximity Y. This class meets from 6:45 till 7:15, and following the exercises, class members will swim for 45 minutes.

## Dan McConnell Gets Scholastic Honor

Dan E. McConnell, son of Mr. and Mrs. J. Dan McConnell, 202 Waverly Way, was tapped as a member of the Torchlight chapter of the National Honor Society at Greensboro Senior High School last Tuesday. Dan's father is in charge of maintenance engineering for Cone Mills.

Membership in the society is determined by the students character, leadership and scholarship. Betty Ruth Vaughn is in charge of the group, and asks that all persons interested in keeping fit, or in losing that extra pound or two, enroll this Tuesday, or call Maxine Allen at 9621 for further information.

**QUOTE:**  
"The average American thinks of nearly everything good as being 'the best yet' but not 'the last word.' He thinks nearly everything can be changed for the better—everything except freedom itself, which makes change possible."  
L. L. Colbert

**OFF FOR TACOMA**—Mrs. Mary Edna Carter, 1506 Upland Drive, leaves today for Tacoma, Wash. to visit her sister, Mrs. L. J. G. Smith, whom she has not seen in 32 years. Mrs. Carter, who is a creeler at White Oak Plant, is taking her sister some souvenirs of Cone Mills. The late Robert Weisner, elevator operator at White Oak, was the father of these sisters. Mrs. Carter's son, Jack Beck, is employed in the Machine Shop there. Here Mrs. Carter is standing in front of the montage in The Textorian office which shows major processes in the making of Cone fabrics in Greensboro.

## Proximity P.T.A. Now Has 712 Members

Executive board members of the Proximity Parent-Teachers Association met last Tuesday evening at the school. Mrs. Evelyn Edwards, reported that the PTA now has a total of 712 members.

Mrs. Eunice Ritter, treasurer reported a total of \$528.97 in the treasury and Richard Sullivan reported \$274 had been collected as donations by the PTA members.

The grade mothers will now decide when parties should be given and the Christmas parties will be held in the school gym on the following dates: December 2, eighth grade; December 9, seventh grade and December 19, ninth grade.

After the business meeting refreshments were served in the school cafeteria by Mrs. John Scott, Mrs. Paul Holyfield and Walter Gardner.

## Ministers To Hear Dr. Holt Next Wed.

Dr. D. D. Holt, head of the Greensboro College Foundation, will speak to the Textile Ministerial Association next Wednesday at their noon luncheon meeting at Proximity YMCA.

New officers of the association will be installed.

## Revolution Club Plans Christmas

Revolution Community Club met Wednesday at Proximity YMCA with 12 members present. Mrs. S. L. Riddle led the devotional.

The club will have a Christmas covered dish dinner on December 7.

**FROM ISRAEL TEXTILE FIRM**—Jehuda L. Rosenthal of the Ata Textile Co. Ltd., Haifa, Israel, is shown at the entrance of Cone Mills' main office with Engineer Dan McConnell. Mr. Rosenthal is chief of technical services for the firm which is an integrated spinning, weaving and sewing plant of 1500 people with a 420 loom operation making all types of cotton goods.

## Tommy Smith, Injured In Rescue Attempt, Gradually Improving

Tommy Smith, five-year-old son of Mr. and Mrs. Ben L. Smith, Jr., 1303 Dogwood Drive, who was severely burned while vainly attempting to save the life of his little sister, Susan Blair Smith, last Friday afternoon, is improving at Moses H. Cone Memorial Hospital. His father is with Cone Mills Engineering Department.

Susan, three years old, died at the hospital last Saturday morning from burns she received when the doghouse in which she was playing for only a few minutes, caught fire.

The mother was also severely burned on the hands and arms while trying to free the little girl from the structure which had burst suddenly into flames. Mrs. Smith is improving at home.

Tommy was burned badly on the face, shoulders and hands in trying to rescue Susan before his mother could reach the scene.

Funeral was held last Sunday afternoon at Lambeth Chapel for the little girl, with Dr. Charles Bowles, pastor of West Market Street Methodist Church, and Dr. Edgar Neese, pastor of Muir's Chapel Methodist Church, officiating. Burial was in Forest Lawn Cemetery.

Surviving are her parents, Mr. and Mrs. Ben L. Smith, Jr., two brothers, Benjamin Carlton Smith and Thomas Lee Smith; one younger sister, Sally Winslow Smith, all of the home; the grandparents, Superintendent of City Schools and Mrs. Ben L. Smith, Sr., and Mr. and Mrs. W. C. Winslow, all of Greensboro.

The parents and grandparents have expressed their gratitude for the overwhelming number of friends who have offered help and comfort in their tragic loss.

## Large Group Helps Serve 25-Yr. Dinner

The following women volunteered their services at the Seventh Annual 25-year dinner on October 22:

Mesdames Lillian Allen, C. D. Andrews, H. M. Angel, Ralph Bartlett, Gordie Boyd, Lewis Brady, William Carroll, E. L. Chambers, Roland Clapp, Harry Coble, L. C. Crisco, Lloyd Criscoe, Clem Dowdy, J. M. Fields, Mack Fulk, Lois Haincock, Walter Helms, R. C. Honeycutt, Robert Hughes, E. A. Hutson, P. H. Johnson, Clarence Jones, Raymond Kincaid, Millard Leonard, Johnnie Lowe, Ted Long, Blanche Martin, Glen McDonald, Hannibal Moore, J. H. Murphy, Ira McQueen, J. L. Newnam, G. W. Odell, E. M. Owen, Carl Pegram, W. L. Riley, Carson Ritter, H. B. Ritter, Kermit Ritter, Lennie Ritter, Lloyd Robinson, Elizabeth Smith, L. D. Smith, Richard Sullivan, Betty Ruth Vaughn, G. A. Vaughn, J. O. Wrenn, Gustav Ziprik, Misses Dorothy Ziprik, Jeanette Brewer, Beatrice Jones.

Those on the telephoning committee were Mrs. Hannibal Moore and Mrs. Johnnie Lowe.

Flowers were furnished and arranged by Mesdames Clarence Jones, H. M. Angel, Harriett Smith, R. L. Yates, Hannibal Moore, Clem Dowdy, and Johnnie Lowe.

Mrs. Frances Funderburk of Cone Memorial YMCA staff, expressed appreciation to these women for the successful job they performed.

## Griffith To Meet With Safety Groups

Franklyn Griffith of the State Industrial Commission will be at Cone Mills for the next two weeks meeting with supervisory groups and employees including safety committee members.

He will present plaques to the winners of the third quarter safety contest. The Power Plant, which is winner for small plants and units, will receive its trophy next Tuesday at 2:00 p.m., and Edna Plant, Reidsville, winner of the contest for large plants, will receive its trophy next Friday at 10 a.m.

## East White Oak Club Fair Is Today

East White Oak Young Men's Civic Club will hold its second annual Community Fair today and tomorrow, November 4-5 at East White Oak Community Center, formerly the YMCA.

John Richmond, president of the club, states that there will be exhibits of handicrafts, canned goods, cooking, baking, gardening and many other things.

The East White Oak Methodist Church will sponsor a fish supper on Saturday night. Holder of the lucky number will win a turkey.

The public is cordially invited to attend. Proceeds will go toward club projects in the community.

**Card Of Appreciation**  
The family of W. E. Moore acknowledge with grateful appreciation the kindness and sympathy shown during his recent death.

## Industry-Education Day Tours Going On Today

The biggest Industry-Education Day tours ever are going on this afternoon. Five hundred teachers in the Greensboro city schools are visiting 32 industrial plants. A group is scheduled to go through Revolution Flannel Plant and another to go through Print Works Plant.

This morning, over 170 representatives of the firms which are members of the Greensboro Industries visited in 21 schools and were to be luncheon guests of the schools at noon.

Plans for the activities go into next week, American Education Week, when on Thursday, November 10, about 50 Greensboro ministers will tour several plants in the city.

The annual Industry-Education Day banquet for over 470 teachers and about 100 members of Greensboro Industries will be held at 6:30 p.m. next Thursday at Plantation Supper Club.

Guest speaker for the banquet as well as for the ministers luncheon to be on the same day will be Dr. Nicholas Nyaradi, head of the college of commerce at Bradley University, Peoria, Ill. and former minister of finance of Hungary.

Only one group of teachers went out of town today on an industrial tour. A group of 27 went to Spencer to tour the Duke Power Company Electric Plant.

Other plants on the list to be toured include Blue Bell Inc., Boren Clay Products Co., George C. Brown & Co., Burlington Industries Inc. (Greensboro Weaving, Greensboro Finishing, Hosiery Finishing, Sample Weaving Plant and Laboratory), Carolina Paint & Varnish Co., Carolina Steel & Iron Co., Container Corp. of America, E. F. Craven Co., Fleetwood Coffee Co., General Metals Inc., Greensboro Coca-Cola Bottling Co., Guilford Dairy, Lassiter Corp., Monarch Elevator and Machine Co., Morton-Withers Chemical Co., Newman Machine Co., Pomona Terra Cotta Co., L. W. Routh Construction Co., Sears Roebuck & Co. mail order plant, Truitt Manufacturing Co., Vick Chemical Co. and Wysong & Miles Co.

## Cone Toastmasters To Meet Nov. 7

Jim Ward will be toastmaster of Cone Toastmasters Club next Monday night, November 7.

Other participants will be Carlyle Campbell, topic master; Ray Smith, evaluator; Arthur Rollins, word critic; Kermit Henderson, invocation. Speakers will be Garland Seabolt, Byron Calhoun and Fay Gilbert.

Humility leads to strength. It is the highest form of self respect to admit mistakes, and make amends for them.

**BEAT-THIE-CLOCK**—Mr. and Mrs. Raymond Meadows pose for "Beat-the-clock," who upon closer inspection proved to be a bewigged Wayne Cates, just after Ivy had plastered Raymond's face with whipped cream. This was one of the many "beat-the-clock" pranks at last Saturday night's Halloween party at Cone Mills Club. Mr. Meadows is employed at Revolution Rayon Office, Mrs. Meadows in the Payroll Department.

### Two Major Problems

The two major economic problems in the United States today cannot be divorced from international relations. These two problems—the farm one and the importation of foreign goods manufactured at extremely low costs because of cheap wages—demand unusual statesmanlike attention.

The two complex problems have much in common. As an illustration, the American cotton farmer could be seriously hurt or even replaced in the distant future if the present trend of more and more acres being planted outside the United States and fewer acres in this country continues. Cotton can be grown in other sections of the world at a lower cost than American cotton and can therefore be sold at a price considerably lower than our support prices.

Cotton textiles can be manufactured in many countries considerably below American costs in the most efficient mills and can be sold in this country at prices below our costs even after paying transportation and present tariffs.

The government owns millions of bales of cotton and our farmers are capable of producing more cotton than our mills would need even if the industry were properly protected against unfair cheap labor competition.

Our American mills are more than capable of satisfying the consumer textile requirements in the United States, and yet a constantly increasing amount of cloth and garments are permitted to enter this country, threatening the jobs of millions of people working in the mills and garment plants.

Both the cotton farmer and the American textile mills have in the past been large exporters. The present trend is toward a continuing decrease in exports.

The problems facing the cotton producer and the manufacturer are becoming increasingly critical.

The nation is already face to face with an unbalanced economy. While many industries and businesses are riding "high, wide and handsome" on a tidal wave of prosperity, the farmer and the textile manufacturer are having "tough going."

The situation is indeed serious and unless substantial harm is done it will be necessary for both the administration and Congress promptly to face the issues nonpolitically and realistically.

Six outstanding seniors at Reidsville High School will compete in the multi-million dollar National Merit Scholarship Program, Principal E. C. Anderson announced. These high ranking local students will be aiming at some 200 four-year college scholarships that can carry up to full tuition and living expenses, depending upon the financial need of each winner.

Claudia Barnes, Terry Carlton, Margie Woodall, Betty Bruce Hill, Beverly Rentz, and Terry Glidewell are the seniors, that will take the screening from Reidsville High School.

Claudia is the daughter of Mr. and Mrs. Clarence Barnes. Mr. Barnes is the assistant overseer of first shift weaving. Mrs. Barnes is a battery-filler on second shift.

Congratulations to John Dunlap and Thomas Southerland, who are leading in the Commercial Bowling League. Thomas has an average score of 112 for 18 games. John has an average score of 108 for 18 games. John and Thomas are doffers on first shift spinning.

We are glad to see Mrs. Betty Dunlap able to be back at work after having had a very bad case of virus pneumonia.

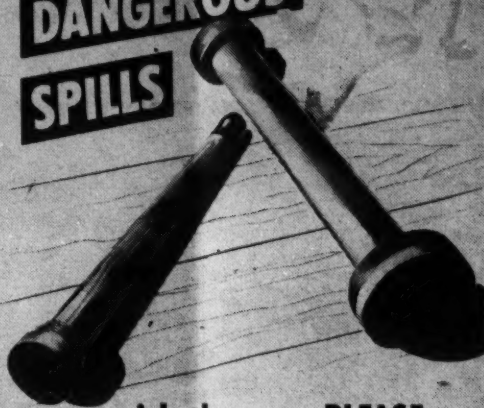

Mr. and Mrs. Corbet Myrick visited Mr. Lonnie Myrick at Black Mountain last week-end. Mr. Myrick is an up and around patient at the Sanatorium, extends a special invitation to all his friends to visit him and the lovely mountain view at the same time.

Ernest Simpson and family visited Eugene Seales at the Sanatorium at Black Mountain this past week-end. Eugene, who was a scrubber on first shift for about 15 years is doing nicely and gaining some of that much needed weight.

# AMERICA BY 1975

America by 1975 will be a land in which television viewers may be watching scenes transmitted from other planets.

The National Association of Manufacturers cites a statement by Ross

D. Siragusa, president of The Admiral Corp., recently placed in a "time capsule" in the Fundamental Investors, Inc., building under construction in Elizabeth, New Jersey.

Mr. Siragusa said, "Solar-powered transistor radios will be in widespread use and will last a lifetime. Guided robot missiles probably will land on planets and transmit television pictures of them automatically back to earth."

More American girls are named Mary than anything else—6,000,000 of them. Elizabeth is the next most prevalent monicker.

## The Driver's Clinic

(A question and answer column on traffic safety, Driving and automobiles conducted for this newspaper by the State Department of Motor Vehicles)

Question: You are stalled and need a push for a start. Which gear do you use?

Answer: High gear. Auto engineers say lower gears may damage the transmission.

Question: What do you do with your left foot when making an emergency stop at high speed?

Answer: Keep it on the floor. The clutch should not be disengaged until just before a stop. Clutch out means loss of traction, directional control and deceleration force of engine.

Question: How can you be sure its safe to pull back to the right after overtaking another vehicle?

Answer: Glance in your rear view mirror. When any part of the overtaken car is reflected there its okay to move back gradually to the right.

Question: How do you back out of an angle parking space without causing a traffic jam?

Answer: Keep an eye on the traffic signal light behind you. When it's red, most of the traffic with which you might interfere will be stopped.

Question: How many seconds do you estimate it takes to make an accelerated pass of another vehicle?

Answer: It will take seven to ten seconds to make an accelerated pass (starting with the same speed of the car ahead) if you step on it about 15 miles an hour faster than the forward car is moving.

Question: Which gear do you use when starting on ice or slippery surfaces?

Answer: Use high or second gear depending on the condition of the surface. The less power applied to the rear wheels the better it is to get starting traction without skidding.

## The Bible Speaks To Your Need

By Rev. W. L. Bennett, Pastor  
Sixteenth St. Baptist Church

We hear a lot of preaching and teaching about the crucifixion and resurrection of Jesus Christ. But how many have heard about Pentecost?

Many have heard little or nothing about the glorious event that marked the advent of the Holy Spirit to the church. Yet, the Bible declares that without the experience of Pentecost, we can know absolutely nothing of the living Christ today. (1 Cor. 12:3)

The Holy Spirit is the only Person who can convict a sinner of his sin and convert him to Jesus Christ. After conversion, He is the only One who can instruct the believer in the truth of Christ. He is the only One who can empower the believer for Christian witnessing. He is the only One who can cleanse the heart so Christ can be enthroned.

There is a good deal of loose talk—and even loose praying—about the Holy Spirit these days. But do we actually want a new Pentecost to come? Are we ready for a Pentecost? What would happen if we should be visited with a return of Pentecostal power?

There is one thing that is certain. When Pentecostal power comes, sin is always revealed. This would be a very embarrassing thing to many, for the Holy Spirit makes clear and plain the sins in the lives of those who "call" themselves God's own people.

"When He (the Holy Spirit) is come, He will convict the world of sin, of righteousness and of judgment." (Jn. 16:8) There is little consciousness of sin, not much fear of God and few thoughts of the judgment and wrath of God today. How we need a fresh return of God's power to cause men to see sin as it is and its destructive results here and in the hereafter! Pentecost is the only Power that can save humanity from the "dark ages" of modernism, paganism, ungodliness and the sure judgment of God.

A return of Pentecost will reveal and expose sin. But greater still, it will remove sin. Jesus came to

baptize us "with the Holy Ghost and fire". (Mt. 3:11) Strange baptism, you say? Yes, indeed, but a glorious, profound experience that the church needs and may have. Fire signifies the refining, purging, purifying, cleansing work which God's Spirit performs in the soul of man. No Power known to man can remove the dross, the chaff, the filth of sin in the human heart, save the Power of the Holy Spirit. Oh, how we need the innermost cleansing today! Thank God, we can have it through the medium of the Holy Spirit.

## Amos And Gregory Have High Score

Last Friday night, Kool Springs Trailer Park decided to show the top team, Benlee's, that with a little extra effort they could win two from the champs. So... with Lorraine Amos and Jean Gregory tying with 270 high sets, and with Jean bowling high individual game for Kool Springs, 108, they took two from the top team in the league.

For Benlee's, Ila Roberts' 307 set was high, as well as her 111 game. Benlee's set a new team game record in the one game they won... 472. Individual scores in this game were: J. Ward, 96; B. Riddle, 89; L. Pinkerton, 86; M. Mendenhall, 90; and Ila Roberts, 111.

Edmonds Drug Store won three by forfeit from Summit Center Esso. Summit Esso has had tough luck for the last few Friday nights, but is planning on staging a comeback, come next Friday, so they say. For Edmonds Drug, Rita Rothrock bowled high game and set, 113 and 278.

Team	Won	Lost
Benlee's	15	6
Edmonds Drug	11	10
Kool Springs	10	11
Summit Esso	7	14
